

# Open call: BALTICLAB 4.0

**An innovation programme  
for future-forward and socially engaged  
entrepreneurs and creatives in the region.**

# join us!

**SI.**  
Swedish Institute.

**Are you  
an entrepreneur,  
a creative, an artist  
or working with  
technology, media  
& innovation  
in the Baltic Sea  
Region?**

Are you looking to expand your network, meet inspiring people from the region, get more socially involved or try out a project idea you have been working on?

Balticlab, the innovation programme run in partnership by the Council of the Baltic Sea States (CBSS) and Swedish Institute (SI), has just launched an open call for its 4th year of programme and we want you to join us!

### **Is this you?**

Dynamic. Innovative. Engaged. Have big ideas in creative industries, business, media, entrepreneurship and regional integration. Plugged into new technologies. Between 24 - 34 years old. From Norway, Sweden, Finland, Russia, Estonia, Latvia, Lithuania, Belarus, Ukraine or Poland. A desire to drive creativity and innovation in the region through building a network and strengthening links between participating countries. Fluent in English.

**If we select you, we will fly you to Stockholm for the Balticlab Networking Weekend 12-14 December 2015.**

# the experience

We believe that young, creative minds in the Baltic Sea region can drive innovation and expand cooperation. For a fourth year running, Balticlub hence brings entrepreneurs and creatives in the Baltic Sea region together to prototype the future and build a community of talented individuals, who through collaboration empower the region to become more innovative, creative and prosperous.

The Balticlub 4.0 Networking Weekend will include workshops & training sessions with practical advice from experts in the region from creative industries and the start-up scene. Inspirational individuals will share their professional experiences, as well as perspectives on collaboration and cooperation. This is an opportunity for you to push your own ideas further, but also to gain new contacts and be inspired by other like-minded individuals in the region.

Balticlub Networking Weekend is only the first step in the Balticlub experience. Similar to last year, Balticlub will also be continuing in the form of a project-development programme titled **Balticlub Ideation** in March 2016. Hence we will also be selecting around 30 participants from the Networking Weekend, who we would like to see continue working with us throughout spring 2016.

## Dont be shy, time to apply:

**Submit your CV and maximum 500 words on your passions and motivations for joining Balticlub to [balticlub@cbss.org](mailto:balticlub@cbss.org) by 5 November 2015.**

If you dont feel ready to get in touch quite yet, then step over to Vimeo and watch our feature documentary **Balticlub: Connecting Creative Minds** at [www.vimeo.com/balticlub](http://www.vimeo.com/balticlub).
